

**Dear Colleagues,**

I, together with the DenTurisT group, organize for 11 years trips and participations to international congresses in the most interesting locations in the world.

I have visited 87 countries so far and I would like to get even 100.

Half of these I made with DenTurisT group.

All the trips are organized and controlled in detail by me, because I am responsible for the invitation I address to you.

I now present you the trips I intend to organize **in the next 12 months**.

Prof. Dr. Corneliu Amariei

### **Planned trips for 2012**

#### **Japan – South Korea 01st – 22<sup>nd</sup> of April 2012**

Organizing this trip was a great success demonstrated by the fact that initially I have booked only 15 seats, then 20 and in this moment the group has 30 participants.

I regret that we could not register more than this figure.

#### **Adriatic Sea Cruise 26<sup>th</sup> of May – 2<sup>nd</sup> of June 2012**

You will find details in the joint leaflet.

#### **FDI Congress with the number 100: Hong-Kong 28<sup>th</sup> – 31<sup>st</sup> of August 2012**

Although the FDI Congress initially was supposed to take place in Switzerland, the World Organization experienced a low interest in the old continent compared to the yellow emerging world. Thus, with only a year before taking place the congress was moved.

As every year we will organize a trip of about 15 days, in the area, followed by participation on the FDI Congress in Hong Kong for 3-4 days.

We will visit starting August the 15<sup>th</sup> 2012 **Myanmar (formerly Burma), Laos, Vietnam and Hong Kong.**

For those who do not know, these countries - after having escaped dictatorship - presents an absolutely incredible tourism. The DenTurisT group colleagues remember with pleasure this trip two years ago from Singapore, Malaysia, Thailand and Cambodia, absolutely wonderful trip.

#### **California, Las Vegas, Grand Canyon, Hawaii - October 2012**

The participation at the annual meeting of Pierre Fauchard Academy (17<sup>th</sup> to 21<sup>st</sup> October 2012) from San Francisco that is coupled to the ADA (American Dental Association) annual congress. I do not think that there is a need for too many words to be said neither about this route or about what it means an american congress of specialty.

2013

#### **Antarctica Trip – February 2013**

Antarctica is a destination that I thought my entire life. It can be considered a record objective, but can be a place where you feel you can overcome boundaries.

I am sure that the number of participants will be very small. I will be satisfied with a single partner because I cannot afford to pay a double cabin. DenTurisT members may recall Ushuaia, called Fin del Mundo (World's End) as a beautiful land. Then we had a wonderful trip to Cape Horn too.

#### **Baltic Sea Cruise May - June 2013**

For most of the previous cruise participants have expressed a desire to tour the capitals around the Baltic Sea, I would like to organize for the next year "sleepless nights" during the WHITE NIGHTS, a trip that every man that travels dreams about.

It is the first time when I post the route and anticipated success depends only on you. Why?

Prices are higher than anywhere in the Nordic countries but by an organized early schedule we can get acceptable prices. If we contract lately the prices will be enormous amounts.

So, please, when you have time, send me an e-mail on this topic with clear option to arrange formal offer after the official launch in 2012.

Those who intend to participate in these trips from 2012-2013, are invited to contact us in order to receive additional information using the following contacts:

Prof. Dr. Corneliu Amariei: Mobile Phone: 0722-27 34 97

Rodica Serban: Mobile Phone: 0740-84 88 68
